

Broadening Horizons

Our intent is that all students have a full understanding of how to develop themselves as well rounded citizens, maintain healthy relationships and understand how to keep themselves safe both online and in their day-to-day life.

We want all students to know what options are open to them in the future and understand the routes they have in order to progress on their life journey.

Our vision is that every student across each year group has the opportunity to see at least one live performance per year. These exciting opportunities currently being organised include:

The Robin Hood cast will be heading to Sherwood Forest in October where they'll be given a tour of the forest and a chance to immerse themselves in the world of Robin and his Merry Men.

Drama and Film Club both begin at Thrybergh Academy this September.

Our upcoming productions across the trust include:

- The Addams Family Musical - This October at Gainsborough Academy
- Robin Hood - This December 6-9th at Wickersley School.
- Moana - Spring term 1 at Clifton School
- Peter Pan - March 2024 at Thrybergh Academy

Curriculum Intent

At Wickersley Partnership Trust we aim to ensure our Drama curriculum is designed to sequence learning and embed the key skills and knowledge that are required for our students to become confident, creative and insightful. Students are encouraged to be not only independent but also collaborative and cooperative learners. We teach a wide range of acting and technical design skills that fosters an enthusiastic appreciation of the theatrical form and a sense of enjoyment and fascination for stories and characters, their messages and themes. Through Drama, our students explore a range of social issues and cultural influences. The opportunities that we offer beyond the drama studio aim to provide unforgettable experiences and a vital contribution to school life.

Have your say!

At WPT we're always looking for feedback. If you have any thoughts/opinions on this Curriculum Newsletter, its content or the curriculum in general, please scan the QR code to fill out a short feedback form.

Year 7 Curriculum

The topics we cover in Year 7 are:

7.1 Play Text Study: The Demon Headmaster

Students are introduced to the discipline of drama through the study of this published play text. The play explores the themes of power and relationships, key drivers of learning in the school's English curriculum. Students learn foundation skills of tableau, choral speaking, synchronized movement and improvisation, while developing their knowledge of off-text improvisation and staging scripted drama.

7.2 Thematic Exploration Unit: Identity

Students learn about the Russian practitioner, Konstantin Stanislavski, and the key concepts of his approach to drama and theatre. As they consider key extracts from two novels - The Boy at the Top of the Mountain and My Sister Lives on the Mantelpiece - students explore a variety of techniques such as physical action, the seven steps of character

interrogation and hotseating. This practical approach deepens students' understanding of characters and themes from English reading texts.

7.3 Devising Drama: Jack and Jill

Students develop their understanding of sibling rivalry in relation to the concepts of identity, relationships and power, which are the key drivers of the school's English curriculum.

Students explore thought tracking, mime and non-verbal communication, non-linear structures and proxemics before consolidating their learning in a final documentary-style piece of devised theatre.

Assessment Points

In all Y7 Drama study units, students are taught to speak confidently and effectively through improvising, rehearsing and performing play scripts in order to generate language and discuss language use and meaning, using role, intonation, tone, volume, mood, silence, stillness and action to add impact. SUBJECT WAYS

The Drama Way

Our Subject Way is designed to help students become young subject specialists. The Subject Way has two main purposes: Firstly, to teach students the vital skills they need to achieve their full potential and gain the very best grades they can. Secondly, to teach students how each subject relates to the wider world, incorporating the life skills they will learn.

It is our belief that knowing how what you learn links to the wider world, brings a subject to life and therefore improves overall understanding and engagement.
